## MELLON'S CASE GOES TO JURY--ITALIAN CONVICTED OF MURDER.

### MELLON'S FATE WILL BE PLACED IN JURY'S HANDS THIS AFTERNOON.

Many Witnesses Heard in Case at Night Session and Contradictory Testimony Is Given.

#### WIFE OF DEAD MAN ON STAND.

Believed Charge to Jury Will Take Up But Short Time and That They Will Adjourn to Their Room Early this Afternoon.

UNIONTOWN, June 11.—The Mellon murder case will reach the jury between two and three o'clock this afternoon. Attorney Cook McKean began his address to the jury this morning shortly before 10 o'clock and was still speaking at the noon recess. The prosecution will probably occupy a shorter period and it is believed the charge of Judge Umel to the jury will be brief. In order not to break the line of testimony offered by the defense which was started yesterday afternoon a night session of court was held from 7 until 10:30 last evening and when it adjourned practically all of the testimony on that side was concluded. A few witnesses in rebuttal were called this morning before the arguments began.

Several witnesses for the defense testified that they saw Robert S. Long forcibly ejected from the bar room of the Haas Hotel on Water street, Connellsville, but they were contradicted by witnesses for the defense who testified that they were present and did not see him forcibly ejected. Their testimony was to the effect that Long was put out of the bar room and as he went to step down to the pavement he fell and struck his head. Chief of Police Barthold Rottler was called in rebuttal this morning. He saw Long at the police station after he sustained his injury, and was called with a view of testifying whether Long blamed any person for the injury. According to the testimony he did not. Charles Stern testified that he saw Long about the barroom, but did not see him forcibly ejected. William Shipley also corroborated him.

Thomas Forkin, a bartender at the hotel, who was called by McKean while he was in the witness stand, testified that the defense was completed and a wrangle over admitting his testimony followed. It was finally admitted with the proviso that rebuttal could be offered if the Commonwealth so desired. He gave no new testimony.

Attorney Cook McKean then addressed the jury, claiming that Long by reason of his age as well as having been under the influence of drink had fallen from the doorway and sustained the injury. He characterized it as an unfortunate accident for which no one was accountable. Assistant District Attorney George Patterson will probably speak for the Commonwealth.

Mrs. Long, wife of the dead man, testified in court during the afternoon. She said that her husband was not an excessive drinker. She described his condition on coming home after the occurrence at the hotel and said that he seemed dazed and complained of the injury to his head. To a representative of this paper Mrs. Long stated that her husband had worked all night at the Baltimore & Ohio ice house and that he had slept until three o'clock on the afternoon of the day on which the occurrence happened. She denied that he had been drinking for several weeks or had been on a spree, and is born out in her statement that he had not been drinking for six months until the day of the trouble at the Haas House. The statement is made in justification of Mrs. Long and is born out by statements of citizens. Her testimony on the witness stand was quite brief and related particularly to Mr. Long's condition upon his arrival at home and his condition up until the time of his death. Other witnesses testified to Mr. Long's humanness even under the influence of intoxicants.

**Undertakers Noisy Crowd.**  
A special car passed through this city last evening en route for Scottsdale, and one would not be able to figure out how such a noisy bunch could call themselves undertakers. They were the undertakers just the same. At Scottsdale the party was taken through the establishment of the United States Casket Company, after which they were the recipients of a lunch. There were about 100 in the party.

**Motorman Suffers Accident.**  
While alighting from a street car, Harry Boyd, a motorman on the West Penn, hurt his leg, and as a result of the accident he'll be on duty soon.

#### ARRANGED FOR BIG CONVENTION.

(Copyright, Fawcett, Wash.)  
**ELMER DEYER.**  
To Elmer Deyer the perfection of the arrangements for the Republican Presidential nominating convention at Chicago represents the fruits of months of hard work in preparation. Mr. Deyer is the Secretary of the Republican National Committee, and by virtue of this position, which carries a salary of \$5,000 per year, he has devoted all his time since last autumn to planning and arranging for the big gathering. Secretary Deyer comes from Southern Ohio and was one of the young men picked out for preferment by the late Senator Hanna, whose judgment of men of promise was almost infallible. Hanna made Deyer his private secretary and shortly before his death declared that he had the best private secretary in America.

#### FIGHT AGAINST CITY COUNCIL.

Telephone Company Objects To Putting Wires Under Ground.

#### CLAIM ORDINANCE IS UNJUST.

UNIONTOWN, June 11.—A rule was granted upon the borough of Connellsville on application of the Central District Printing and Telegraph Company, operating the Bell telephone lines, to show cause why an ordinance recently enacted to compel the placing of all overhead wires underground between Main and Peach streets, on North Pittsburgh street, should not be declared null and void. The rule was granted by Judge J. Q. Van Swearingen and is made returnable the first Monday in July.

The application recites that the Borough Council of Connellsville at a meeting of May 19 passed the ordinance and Bureau A. D. Sisson, applicant, telegraphing, telephone and electric light companies to place their wires underground between Peach and Main streets and wishes of private property owners along this stretch of the street. The company complains that the ordinance is unjust and unreasonable and should not be permitted to become operative.

#### BIRTHS TRIPLE DEATHS IN MAY.

The Stork Was Busy While the Grim Reaper Took Spring Vacation.

More than three times as many births occurred in Register George II. Brown's district during the month of May than there were deaths. There were 55 births compared to 17 deaths, being the largest number of births reported in any one month and the smallest number of deaths. The stork worked overtime while the grim reaper took a holiday from his work, much to the satisfaction and pleasure of many.

The births and deaths for each district were: Connellsville borough, 25 births and 10 deaths; Connellsville township, 20 births and 4 deaths; Russell township, 13 births and 3 deaths.

**The Weather.**  
Partly cloudy tonight and tomorrow are the indications at noon.

#### NATIONAL COMMITTEE TO FINISH TOMORROW.

Timber for Vice President Now Being Discussed and Platform Framed for Convention.

CHICAGO, Ill., June 11.—(Special.) The National Committee will complete its work tomorrow and take a recess just before the convention opens on Tuesday. Everything will be ready at that time for the session and intervening time will be utilized by the leaders in discussing the platform and available timber for Vice Presidential nominations. Today Secretary Cortelyou and Representative James W. Sherman are the men most mentioned.

The fact that they will be to indicate whom they will not stand for. The Cortelyou situation will be canvassed by Assistant Treasury Secretary Coddie. The Sherman boom is in the hands of former Congressman Latham and friends of former Governor Murphy and Governor Guild and are working hard to land their man. Murphy is running his own campaign while Guild's interests are in the hands of Senator Lodge.

John Hammond, the only self-anointed candidate, will arrive tomorrow.

It is not believed there will be a struggle on the platform question. In making a document in rough draft the Taft leaders consulted with the allies. Speaker Cannon spent several hours looking over the measures on May 12. It before he went back home. It is a real Roosevelt proposition, every important Roosevelt policy, being endorsed and tariff revision provided for. After disposing of the two remaining districts in South Carolina the committee will take up the Tennessee contest which involved the delegates of the second to eighth districts inclusive. Then comes the Texas fight which involves the entire state.

#### SCREECHES ALARM TROTTER RESIDENTS.

E. C. McDowell, Demented by Accident, Makes Night Horrible and Is Taken Into Custody.

As the result of an accident with which he met several years ago, E. C. McDowell of Connellsville is in the Uniontown jail suffering from a mental disorder. McDowell received a fractured skull and since the accident has been more or less demented. About six months ago he returned home from St. Francis hospital, Pittsburgh, where he took treatment for his ailment.

Tuesday night McDowell left the home of his son, John E. McDowell, on the South Side, and at late hour the same night the residents of Trotter were awakened by the wild screams of McDowell. Constable William Rowland was notified and arrested him. He was brought to the New Haven police station and on Monday morning Constable Rowland made an information before Judge P. M. Butterworth of New Haven, charging McDowell with insanity. He was examined yesterday afternoon by Drs. E. B. Bille and G. W. Galagher, who pronounced him insane. Later he was taken to Uniontown and committed to jail. A brother in Uniontown is expected to arrive in Uniontown today and make arrangements to have him sent to Elmhurst.

#### CORONER'S JURY EXONERATES MAN.

Louis Smitley, Who Killed Negro at Oliver, Proves Self Defense Plea.

UNIONTOWN, June 11.—Louis Smitley, who shot and fatally wounded William Compton, a Negro, at Oliver, was yesterday acquitted by a coroner's jury. While there he suddenly jumped up as if to shoot Smitley. The latter hastily drew his gun and shot at him, wounding him badly. He died several days later in the Uniontown hospital. Testimony given at the inquest made it appear that Smitley had shot in self-defense. The jury was composed of George Marshall, R. S. McCrum, Dr. A. M. Kramer, John Brownfield, Adolph Ilkavetz and Russell Slider.

**Repairing Streets.**  
Council is having Arch street and several South Side streets repaired this week.

#### NO NEWS FROM RUTSEK ABOUT BANKS CLOSING.

Belief Expressed That He Will Not Return Here.

#### FOREIGN REMITTANCES ASTRAY.

Legal Proceedings Will Doubtlessly Be Started If Tidings of the Missing Banker Are Not Received in Twenty-Four Hours.

No developments and lots of rumors today was the standing of the closed banking affairs of Peter Rutsek Hope of Rutsek's return to Connellsville seems to have fled, and there are now now who believe the banker will return to Connellsville, as many claim that he had plenty of time to communicate with his Connellsville friends whether things went right or wrong with him in his efforts to get relief on cash to tide him over his financial difficulties. Many foreigners who expected him to return have given up hope and have been consulting attorneys most relative to some action, and it is possible to secure the property interests held by him.

Rumors relative to Rutsek having appropriated funds for his own use were given him in trust to forward to families of foreigners in the old country seem to be confirmed by his action about sixty days ago in appealing to the Connellsville banking houses for money. At that time he asked the Connellsville banks for a loan of \$25,000 to meet pressing demands. He made a statement of his affairs showing liabilities of \$70,000, but he loaned for day on a slight shift. Other and heavier moral purchases will of necessity have to be made as quickly as the plan is started.

W. J. Wilder who controls the various patent for the manufacture of aluminum coated sheets spends every day at the plant where visitors will be guided yesterday and shown over the plant. The company is anxious for the local people to interest themselves in the project and will be only too glad to have the closest inspection of the business.

#### TWO SUSPECTS HELD FOR BRUTAL MURDER.

Suspicion Points to Both White and Colored Men in Mt. Pleasant Tragedy.

MT. PLEASANT, June 11.—The people of this vicinity are gradually recovering from their excitement caused by Sunday's awful tragedy and are now turning their attention to the two suspects now in custody in Greensburg.

The other part of the citizenry are of the opinion that Charles Williams, the colored lad from this place, is the guilty party while a number of the town officials and citizens think that Benjamin Norisk the Russian Pole arrested in Lattrobe yesterday, committed the deed.

Norisk's underclothing was examined and found to be covered with spots of blood. Chief of Police Keller of this place went to Lattrobe and brought Norisk to Greensburg where he was held by Jerry Rannert and then into this town when he saw a man fitting his description in the vicinity of the stadium works on Sunday morning.

The men were a difficult case than when seen by the girls, but it was found out later that he had secured the coat now in his possession at the monastery near Lattrobe yesterday morning, evidently having thrown the other one away. He and Williams are being held in jail pending a hearing, which will be held at this place next Monday afternoon.

#### RED MEN IN SESSION.

Past Sachem Jesse Murphy Representing Dawson Council.

At the 30th annual Great Council of Red Men of Pennsylvania, being held at Greensburg this week, Past Sachem Jesse Murphy representing Indianapolis Tribe No. 161 of Dawson, Seelye 10th chiefs, braves and warriors of the order in this State are gathered at the session.

The strength of the Red Men in Pennsylvania is 7,000, with an average of 150 for each tribe in the State. The financial standing of each tribe averages \$2500. The meeting is an extremely one and many important matters pertaining to the order will be taken up at the meeting.

#### CHARTER RECEIVED; PLANT TO SOON START.

Wilder Metal Coating Works Preparing for the Beginning of Operations.

Plans are rapidly shaping themselves for the operation of the Wilder Metal Coating & Manufacturing Company's plant, better known as the Aluminum Coating plant. The company has received its charter under the laws of New Jersey and with the raising of several thousand dollars more stock will be ready to operate. Five thousand steel plates have been ordered to begin operation with an everything points to a most successful enterprise.

Considerable store has already been disposed of and the other side making an effort to dispose of the balance of the proposed \$25,000 issue. At this amount it will take only \$1,000 to put the plant in good shape for operation, as no expensive machinery will be purchased, and a practical demonstration as well as an effort to make profit. Inquiries for the sheets and manufactured ware are being received every day, and a few days ago inquiry came from Japan asking when the company expected to go ahead with the work.

For the present the company will confine its work to the manufacture of plates, but it is expected to take up the manufacture of pipe and ware of all kinds as quickly as the first step is taken. Members of the company feel that it is much better to start the work on a small scale and work up to the greater plant as time goes along.

The money invested in material, even if the plant should not prove successful can be disposed of at the market price at it was bought, as the investment cannot be a large losing one in any event. The first material purchase is for the purpose of getting the plant started as quickly as possible, but the capacity of the plant will be large for day on a slight shift. Other and heavier moral purchases will of necessity have to be made as quickly as the plan is started.

W. J. Wilder who controls the various patent for the manufacture of aluminum coated sheets spends every day at the plant where visitors will be guided yesterday and shown over the plant. The company is anxious for the local people to interest themselves in the project and will be only too glad to have the closest inspection of the business.

### NICOLLA MONDALLO SENTENCED FOR MURDER IN SECOND DEGREE.

Case Is Taken From Jury Upon Agreement of Counsel To Verdict Submitted.

#### RESPONSIBILITIES ON HIS SHOULDERS.

(Copyright, Fawcett, Wash.)  
**PHILIP W. TRIEBNER.**  
Philip W. Triebner, who has been chosen for secretary of the Chicago convention, is a resident of Baltimore and the son-in-law of William P. Mason, the present chairman of the Republican National Committee and on Monday morning he was in the city to attend the opening of the convention. He is a large, well-built man, with a high forehead and a serious expression. He is dressed in a dark suit and a white shirt with a dark tie. He is standing in front of a plain background.

#### BASS SEASON OPENS SOON.

Fishermen Preparing For Sport in Nearby Streams.

#### FISH SAID TO BE PLENTIFUL.

Bass fishermen are polishing up their rods and filling their reels and patiently waiting until Monday morning, when the season for the gambol of fish opens. The open season for bass extends from June 15 to February 15, inclusive, and during this period the stream will be fished every day for the fish that always make their mark on the end when he grabs the hook.

The trout season will not close until January 31, but the fishing this year has been carried on with so much vim that the streams have been practically "fished out." Many persons this year have been out of employment and have spent their entire holidays along the mountain streams in search of the fish that always make their mark on the end when he grabs the hook. It is reported that the trout season this year has been a record and that every fisherman returned home in the only days of the season with good strings. Larger fish than formerly were caught, too. So the trout season can be marked down in history as an excellent one, even if business is very bad. About the small stream of Confidence good catches are being made still, and many a sportsman will have a pleasant day in search of the speedy beauties that still remain in the streams.

But the bass season is the real sportsman's season. There is nothing more delightful than the handling of a good string bass. The law places the limit of length at seven inches for a bass, but over a seven inch bass can make things interesting, before he is landed. It is reported that bass are plentiful this year, and very large, too. It is also said that some important anglers have taken a few from the streams just to see how really good they were, but the game anglers have not detected them. There was less than usual fishing for trout this year than in former years, although the length of the fish allowed to be taken was increased last year from five to six inches.

#### Early Closing at Mt. Pleasant.

All the leading merchants of Mt. Pleasant have entered into an agreement to close the stores in that place at 8 o'clock in the evening, beginning on June 15 except Saturday evenings and during the month of December. This is done to give the business people and clerks some time to themselves.

#### CONFESSION SUBSTANTIATED.

Compact Entered into With Wife and Relatives to Kill Her Husband and Mondallo Forced to Carry It Out Upon Pain of Death.

UNIONTOWN, June 11.—A sudden and startling termination came at a quarter to twelve o'clock today, in the case of Nicolla Mondallo, charged with the murder of Pasquale Mondallo, at Uniontown March 11, when the court ordered the jury to return a verdict of murder in the second degree, and sentenced Mondallo to 15 years in the penitentiary.

The case was taken up yesterday afternoon before Judge J. Q. Van Swearingen and the following jury was empanelled:

John Reese, merchant, South Union No. 3; John N. Glass, miller, Dawson; Thomas C. Coffman, carpenter, North Union township; James Anderson, Sr., farmer, Stewart township; John Cruse, farmer, German No. 2; John P. Hunkin, merchant, Uniontown; Solomon Miller, miner, Upper Tyrone No. 2; William H. Hellen, farmer, South Union No. 1; James Springer, clerk, Bridgeport; John Morgan, mine foreman, Fayette City; Walter Stillwagon, laborer, Upper Tyrone No. 2; Jacob Cover, laborer, German No. 2.

Taking of testimony followed the opening statements, the Commonwealth not asking for a direct verdict of murder in the first degree but allowing that portion of the statement to remain open for the jury to convict in whichever degree it saw fit. From the start of the evidence the confession made by Mondallo several weeks ago in which he alleged that Gerardo Farina, his son Michael and Miss Carmella Mondallo, had forced him to commit the deed, was supported by the Commonwealth's witnesses. This morning the evidence was made stronger and the whole story was gotten bit by bit from the witnesses, although it was shown by an interpreter had to be used.

The man's wife apparently was tired of her husband and entered into a compact with Farina and his son to kill Mondallo. They set upon Mondallo, who was a playmate of the girl in Italy and who had been intimate with her in America. The trio, put the prosecution up to Mondallo and told him that unless he killed Mondallo they would avenge some one to kill him as well as Mondallo.

Mondallo thought that he best thing he could do was to kill his man, and according to a prearranged scheme the act Mondallo and quarreled with him and then shot him twice. Mondallo crawled into the boiler house at Griffin works and died there.

After Mondallo's arrest the trio who had promised to furnish him money and come to his aid dangled over it, thinking that perhaps Mondallo could get out of the trouble the best way he could and hoped that he would be set up. Because they did not come to his aid as they promised, if he were arrested, he made the confession. This evidence was adduced this morning, and when the Commonwealth had almost finished its case, Attorneys Jones and McDonald moved for a test and offered to accept a verdict of murder in the second degree. After a consultation the Commonwealth announced that the verdict would be accepted and the court instructed the jury to return a verdict of that character. Immediately following the rendition of the verdict Judge Van Swearingen pronounced the sentence of 15 years to the penitentiary.

Farina, his son, and Mrs. Mondallo have been in jail since the confession was made several weeks ago. An action to have them released on bail at a previous hearing was held over until the trial, but they will not now be released, as information charging them with murder will be made against them and they will be held for trial at the September sessions.

With the termination of the case all the jurors were discharged and as soon as the Mellon case is completed the June sessions will close. The sudden termination of the murder trial this morning caused general comment, as it was thought that it would occupy all the week.

## MT. PLEASANT.

MT. PLEASANT, June 10.—From reports by the correspondent the trustees of those who were authorized for the evening were in fact at the recent piano concert at the First Baptist church. Numerous people are making inquiries as to why the ton of the piano was left open for a number of days while for a few of the trustees it was left closed and from all appearances it was merely overlooked, but as the sound from the instrument would not be the same with the top open in some cases and closed in others they claim it may have interfered with the decision of the judges.

Charles Korman, an employee of the Amberg Glass Company, which is located just east of town, had his hands and feet badly burned by an explosion of material while at work at the plant.

Mr. Norman is employed as tank tender at the glass works and was burned when the glass was melted and had turned too much when it came out of the furnace.

With the heat from the furnace it exploded. His presence of mind in falling on his hands and knees at once quickly saved him from more serious injury.

## COUNTY CONVENTION AT SCOTSDALE.

Christian Endeavors From  
Westmoreland Meet  
June 25 and 26.

### TOWN TO ENTERTAIN DELEGATES

Strong and Important Subjects Will  
Be Thoroughly Discussed—Special  
Song Service Will Open Each Ses-  
sion—Will Be Held in the First Bap-  
tist Church.

SCOTSDALE, June 12.—Christian Endeavors will take the town when the Westmoreland County Christian Endeavor Union will hold its 15th annual convention here Thursday and Friday, June 25 and 26, to which a large number of delegates will come from all points in the county and assemble in the First Baptist church. The people of town are making great preparations to entertain them during their stay. The sessions begin at 2 o'clock on Thursday afternoon, opening with a sermon by Rev. W. J. Miller, D. D., of Greensburg. The evening session will commence at 7:15, and on Friday morning at 8 o'clock the second day's work will open, and at 2 o'clock in the afternoon another session will open. In the evening the closing meeting will be held at 7:30, when Rev. John Royal Harris of Harrisburg will deliver an address. Rev. E. C. Kunkle, pastor of the First Baptist church, will have the meetings in charge, and special music will be a feature. Among local people named on the program are Mrs. Albert Kestler and Miss Lizzie Munroe. Also, Rev. John C. Shibley of Greensburg, formerly of here, will deliver an address on "In What Does True Citizenship Consist?" at the Friday morning meeting.

**Sailor Costumes Galore.**  
Some people were surprised at the sight of so many trim figures galloping in white costumes, with big sailor collars trimmed with black, going along the street last evening, and wondered if a mad for such costumes had struck this inland burg. It was a pleasant sight, and the reason for it was the production of "The Little Tycoon" by the Philharmonic Society at Geyer's Opera House. The girls who were togged in the neat sailor costumes were the chorus which travels on the ship. That is the scene of the first act of the comic opera. It was given with great success again last evening.

**The Slaughter Is Begun.**  
"Bang! Bang!" It was the sudden roar of a shotgun. "Another one bites the dust," a tall, tall man with a blue suit and an acorn shaped hat of gleaming white, mutters through his clenched teeth as he carefully reloads his trusty weapon. A dead body, limp and cold, lies in the street. Up alleys, flying across back yards, under outbuildings, they seek refuge, those craven cowards of the one who has given up his life. Chief McCudden is on the war path for the unmuzzled dogs.

**Spent the Parting Couple.**  
There was a tremendous blowing of horns, shouting of many people and a glare of real red fire as two automobiles loaded to the gunwales pursued Mr. and Mrs. J. Clyde Whitely, who had just been married, when they attempted to leave town last evening. Finally, they distanced their pursuers and got away.

**Mrs. Crossland Dead.**  
Mrs. Eliza Crossland, widow of the late Samuel Crossland, and mother of Mrs. John A. Barnhart of Grove street, Scottdale, died at her home in Dunbar township Wednesday morning at the age of 81 years.

**Go to Millin County.**  
Mrs. Jacob L. Rittenhouse and daughter, Miss Eva, left here Wednesday for Greenville, Millin county, where they will make their future home on a farm that Mr. Rittenhouse bought some time ago. He left for there last week and will have everything fixed up about the house on their arrival.

**Colburn Has His Seal.**  
Justice of the Peace John C. Brown, held yesterday received the official seal he ordered some time ago for his colleague, Justice of the Peace Geo. W. Colburn of Moyer, Bulskin township, who was appointed to fill out the unexpired term of Justice J. G. Crossland, who moved to Uniontown.

**Enjoying Country Life.**  
Mr. and Mrs. George C. Parker, formerly of town, and who several months ago bought a home in the country near the Tyrone Presbyterian church, were in town on Wednesday in their buggy. They are both looking well and say that country life is enjoyable, the only drawback being the dry and dusty weather.

**Murphy Well Known Here.**  
Jacob Murphy, assistant superintendent of the Westmoreland county court house, who is charged with falsifying the election returns at Port Royal, so that where the candidates for Congress were chosen. Concomitantly and anti-political opinion Legislative candidates received 33 votes, the other officers of the board charge him with making the returns show 70 votes, is well known here, Scottdale having been visited about every campaign by Murphy, who is one of the old "war horses" of politics.

**Of a Personal Nature.**  
Miss Mary McEhaff and Miss Wilson of Irwin were on Wednesday visiting friends and hearing the produc-

tion of "The Little Tycoon."

Elmer Barnhart of DuBois was called home on Wednesday by the death of his grandmother, Mrs. Eliza Crossland.

Harry Parker, who is interested in coal mining operations in West Virginia, is at home for a few days.

Mrs. James B. Love was visiting friends at Alverton on Wednesday afternoon.

A group picture of the Scottdale High School graduating class, the work of Artist Harry Springer, is on exhibition in Porter & Stonor's window.

## BRILLIANT END TO SCHOOL CAREER.

Western Pennsylvania Institute Holds  
Interesting Graduation Exercises  
at Mt. Pleasant.

MT. PLEASANT, June 11.—One of the most strenuous weeks in the history of the said old Western Pennsylvania Institute was brought to an end last night in the Grand Opera House when the ten graduates from that institution graduated with all the pomp and glory due an exceedingly bright class. The class was composed of nine girls and one boy, namely: Hattie M. Detweiler, Mary L. Myers, Ruth A. Myers, Margaret Goldstone, Edna M. Hayes, Rachel C. Galt, Edna B. Lemmon, Lena B. Myers and George F. Overholt.

After the exercises the Century Club gave a dance in the new bank hall, some 20 couples being present from this as well as surrounding towns. Overholt's orchestra furnished excellent music for the occasion.

**Iowa Stockman Visits Here.**  
S. J. Huston of Morning Sun, Ia., visited his brother, Dr. J. J. Huston and family last week, on his way home from the meeting of the Synod of the Reformed Presbyterian church in Philadelphia, to which he had been a delegate. He is a successful farmer in Des Moines county, Iowa, where he owns 1,200 acres of land, and is now feeding 25 car loads of stock which he expects to ship in Chicago during July. He stated while here that the farmers in Iowa had been affected very little by the stringency in the money market.

**David B. Hill to See Europe.**  
NEW YORK, June 11.—Former Governor David B. Hill will see one of the notable absentees from the Biennale National Convention at Denver next month. Mr. Hill sailed on the steamship Italia today and will spend the greater part of the summer in Europe. It is his first trip abroad.

**Big Religious Gathering.**  
LONDON, June 11.—Distinguished churchmen from the four quarters of the globe are pouring into London in anticipation of the opening next week of the great Pan-Anglican Congress. The attendance will embrace more than 1,000 delegates, among whom will be some 250 Bishops.

## TAFT A SURE WINNER

Concession Generally Made  
That He Will Be Nominee  
for President.

## LEW EMERY RETAINS HIS SEAT

While Practically All Contests in Ohio  
Are Decided in Favor of Ponderous  
Secretary of War—Foraker Gets  
Two Halves.

Chicago, June 11.—The Republican national committee has decided contests at large in two states and in four-term districts, the net result being that thirty-three full votes and two half votes were added to the number already accredited to William H. Taft and the two half votes were given to Senator Joseph B. Foraker.

The committee has yet to consider contests at large in three states and a total of 35 district contests and two from the territories, involving a total of 46 votes. Before the meeting of the committee the number of delegates instructed for Taft was 337. The work of the committee, as far as it has progressed, has given him 117 additional votes, or a total of 504 on the temporary rollcall.

The lone contest in the state of Pennsylvania was withdrawn and the delegate against whom it was directed, Lewis Emery, Jr., will be allowed to take his seat. The fight against Emery was on the ground of certain statements said to have been made by him, among them being the alleged assertion that Bryan was certain to be the successor of President Roosevelt. This, it was claimed by certain Pennsylvania politicians, classed him with the Democracy. The contest against him was withdrawn by Senator Penrose.

The chief interest of the day centered in the Ohio contests, of which there were four, namely, in the Third, the Sixth, the Tenth and the Thirteenth districts. Taft got the delegates in the Third, the Tenth and the Thirteenth districts and in the Sixth district both delegations were seated with half a vote to each man.

The Foraker men made a strong fight in this district because it was the old home of the senator and they were anxious to procure his votes for him. The Foraker delegates are Mark Shoup of Xenia and R. L. Gilechrist of Lebanon, while the Taft men are H. M. Brown of Hillsboro and Charles Q. Hildebrandt of Wilmington. The latter faction has been recognized for the last four years as regular.

It is the hope of the national committee that it will be able to finish its work tomorrow. To this end the members are making every possible effort to hasten the closing of the session. Much important work is slated for the committee on Saturday and Monday, and it is earnestly desired that the hearings be over in ample time to allow sufficient attention to be paid to these matters.

No Report Until Thursday.  
"I don't believe that the credentials committee will be ready to report to the convention before Thursday, June 12," said Daugherty. "I am chosen as a member of the body I shall oppose any proposal for an all-night session of the committee on Tuesday, as from present indications it would be impossible to dispose of all the cases that will be brought before the committee, even if this expedient were to be adopted. I cannot see how the committee will be able to prepare its report for presentation to Wednesday's session of the convention, and it possibly will have to work all of that day and part of that night in order to be ready for Thursday. A proposal has also been made that the committee might hold continuous sessions, the members sitting in relays. I would oppose this plan, too, because it might result in confusion as to the report of the committee. Every member should take part in all deliberations that there may be no chance for a misunderstanding on the floor of the convention."

"It is certain, however, that the report will be handed to the convention Thursday morning. In that case the delegates will be able to proceed with the nomination and should be able to complete the work before adjournment on that day, thus carrying out the original program for the convention."

There was a sudden cessation of activity today regarding the vice presidential situation. This was largely due to the announcement made by Frank H. Hitchcock that the Taft forces would not take part in any campaign for the second place on the ticket.

Lafayette Young, one of the delegates-at-large from Iowa, said that the friends of Senator Dooliver in his own state were not anxious to see him leave the ranks of the senators for the office of presiding over the senate. He said further that he had received promises from some of the energetic friends of the senator outside of Iowa to campaign for his name as a candidate. The friends of Governor Guild of Massachusetts seemed satisfied with the results of their work thus far. There was no announcement forthcoming from the headquarters of John Hays Hammond.

An indefinite, persistent rumor, which could not be confirmed in any direction, prevails to the effect that Governor Hughes would not permit his name to go before the convention.
